

A list of barks for enemy NPCs, inspired by Borderlands.

State	NPC type	Barks
Relax	NPC - Enemy	<p>I need to learn how to say no. Like, no, I don't want to patrol at night. It's super easy, right? Super easy. Can't stand this city. Three more nights before I go see the kids. Ew, did I step in a pile of shit? Ugh, I'm going to throw up. Nothing bad is going to happen today. Tomorrow is my little girl's surgery, and everything is going to be perfectly. This filthy liar! Leaving me for this stupid gunner... right after I proposed! I'll make them regret this. I'm so proud of my little statues. Hope everyone is too! I worked really hard on them. Always a follower, never a lover. If I can prove to them how much of an alpha raider I am, I could lead my own troop! Or my own cult! Yeah, that's right, a whole cult, just for me!</p>
Alerted	NPC - Enemy	<p>Come out, wherever you are. I won't hurt you... Well, maybe just a little. Am I losing my mind? No, no, I'm the sanest person around. Keeping my third eye open. Please, don't be a ghost. Please, don't be a ghost. Urgh, I hate this job. I smell a coward nearby. I'll make you regret making me search for you! I'm so tired of this. Show yourself! Afraid of my big muscles, uh? Hurry up and show yourself! I have a dentist appointment.</p>
		Nothing better than murder in the morning!

**Converging**

**NPC - Enemy**

Don't be a coward. Face me!  
I'll add your head to my collection.  
I'll rip your heart out!  
Death to the weakling!  
This one is for my mom!  
I'll feed your organs to my babies!  
Your head is mine!  
Make this easy and die!  
Jail would be a mercy for you!  
I'll scalp you and eat your eyes!  
Momma didn't raise no coward!  
Here I am! Your worst nightmare!  
I'm a winner! I'm a killer! I'm invincible!  
Let me hear your dying screams!

**On Death**

**NPC - Enemy**

Have mercy on a thief!  
Tell my mom I love her!  
I curse your bloodline!  
Suffering, so much suffering...  
You're not as cool as you think you are.  
My loyalty shall be rewarded!  
Spare me! I have five cats to feed.  
Was I a worthy opponent?  
It hurts so much! Worse than when my dad left me... Oh, papa!  
Was it all a lie? Was I blind to the truth? Am I not the greatest warrior?  
How could this happen to me? Did I made a mistake?
